

CCSC:MW 2017 ~ Twenty-fourth Annual Midwestern Conference Calvin College ~ September 22-23, 2017

Call for submissions of papers,
tutorials, panels, workshops,
and student participation

The CCSC Midwestern Conference convenes every year to share knowledge through Papers, Panels, Tutorials, and Workshops. This year's conference will be held in West central Michigan at Calvin College in Grand Rapids, MI.

We are interested in all aspects of computing in two-year and four-year colleges. *If you teach in a computing-related discipline and it's of interest to you, it's of interest to the CCSC:MW community!* We welcome original research, experience reports, case studies, and position papers on computing-related topics. Student participation is strongly encouraged.
